Subject: Thank you for Our Thanksgiving Package

Dear Brothers & Sisters at Palma Sola,

We are missionaries in the Dominican Republic, serving with a ministry called Project Mañana International. We moved to the mission field in January 2019, so this was our first Thanksgiving away from home.

We were so grateful to receive our missionary care package via Agape Flights, which included all the feel good comforts of an American Thanksgiving and encouraging notes from your congregation. Thank you for helping to organize these packages and send love with them! Our family was blessed by your service, and we were able to share the blessing with our Dominican family here - some experiencing their first Thanksgiving. It was a great day!

Wishing you a Spirit-filled Christmas season and a great start to the 2020 New Year! God bless the faithfulness of your congregation to serve missionary families and many others.

Grateful,

Marissa Dove
